Mr. George C. Hofer
Hanford Project Manager
U.S. Environmental Protection Agency
Region 10
1200 Sixth Avenue HW-124
Seattle, Washington 98101

Mr. Roger F. Stanley, Director
Tri-Party Agreement Implementation
State of Washington
Department of Ecology
P.O. Box 47600
Olympia, Washington 98504-7600

Dear Messrs. Hofer and Stanley:

PRESENTATION OF 216-T-1 DITCH, 216-T-4-2 DITCH, AND 216-B-3 POND GROUNDWATER
IMPACT ASSESSMENT PLANS

Reference: Letter, S. H. Wissness, DOE-RL, to P. T. Day, EPA, and D. B.
Jansen, Ecology, "Transmittal of Groundwater Impact Assessment
Methodology Implementation Schedule - Milestone M-17-13A," dated
August 19, 1992.

22914

The purpose of this letter is to transmit the subject Groundwater Impact Assessment Plans, an interim compliance milestone under the Hanford Federal Facilities Consent Order (Tri-Party Agreement) Milestone M-17-00A, as per the implementation schedule referenced above. The plans are consistent with the groundwater impact assessment methodology and propose approaches to assessing impacts to the soil and groundwater resulting from discharge of liquid effluents to the subject ground disposal sites.

Please note that the commitment date for presenting these Groundwater Impact Assessment Plans is January 1994. Presentation of the plans during the month of January was agreed not practicable because of schedule conflicts among the various meeting participants. The plan presentations will be rescheduled to a date convenient to all participants. This arrangement was verbally agreed upon under DOE-RL guidance between Daniel Tyler of the Westinghouse Hanford Company, Douglas Sherwood of the U. S. Environmental Protection Agency (EPA) and Melody Selby, of the State of Washington Department of Ecology (Ecology).

G. C. Hofer
R. F. Stanley

-2-

JAN 31 1994

Enclosed with this letter is the subject plan in the form of a briefing package. Submission of this package is considered to satisfy the January 1994 commitment for these liquid effluent disposal sites.

Should you have any questions on this material, please contact M. J. Furman of my staff on (509) 376-7062.

Sincerely,

June M. Hennig, Director
Waste Management Division
